WINDSOR HIGH SCHOOL

Physical Education Permission Slip to Leave Campus

Windsor High School Physical Education classes are very fortunate to be able to take students off-campus to expand and enhance learning. We plan to leave campus to go to the park near by and surrounding area for a long run. We also plan on taking a bus to Sonoma State University's rope course. Students will be participating in a low ropes course with a focus on team building and cooperative activities.

I give permission for my son/daughter, _____, to go off-campus with the Windsor High School Physical Education classes.

Parent/Guardian Signature

To maximize student safety and learning, it is very important that students follow school and class rules and teacher instructions. Students who violate school/class rules or do not follow teacher instructions may lose the privilege to go off campus with the physical education classes. Students may be dropped from the Physical Education class for severe violations of school rules.

Student's Signature

Please note: The Low Ropes Course will cost \$20.00. The money covers the cost of the low ropes course and transportation. WHS has limited funds available to assist students with a financial hardship. If you have any questions, please contact your student's Physical Education teacher.

Please return this signed permission as soon as possible slip with your Low Ropes Course money donation. Permissions slips must be in by April 17th to participate. You must have your permission slip to get your low ropes team team.
